It is located in a very well known gated community where kids can safely ride bicycles or go to the park which is equipped with swings and other kids equipment. The villa is at the end of the village and there is very little traffic. It is very quiet with many birds in the garden. Very, very safe and friendly neighbourhood. Very low village management fees of less than 8,000 THB per year! Very clean community. The villa was build in 2002 by the current owner and used as a family house The villa is 350 sq.m on a 600 sq.m land (30m x 20m). It has a swimming pool, 3 bedrooms with A/C & ceiling fans, 2 bathrooms + 1 guest toilet, an open-plan living room/dining room/office with A/C. All windows are double insulated Sun Paradise imported from Switzerland in 2002. The living/dining room can open completely unto the pool deck (folding Sun Paradise aluminium doors).
